March 2017

NHS England requires that the net earnings of doctors engaged in the practice is publicised, and the required disclosure is shown below. However it should be noted that the prescribed method for calculating earnings is potentially misleading because it takes no account of how much time doctors spend working in the practice, and should not be used to form any judgement about GP earnings, nor to make any comparison with any other practice.”

Website publication

All GP practices are required to declare the mean earnings (e.g. average pay) for GPs working to deliver NHS services to patients at each practice.

The average pay, before tax and National Insurance, for GPs working in

Sibford Surgery in the last financial year was	£75,695
The number of full time GPs that this relates to is	2
The number of part time GPs that this relates to is	0
The number of locum GPs working in the practice for over six months, that this relates to is	0
